"Recensione ?My son loves these books. We started reading National Geographic Kids books when he was about six (he's nine now) and I can honestly say that these books have been instrumental in teaching him to read.?? Consumer?My kids love these books. Super fun and interesting.?? Consumer L'autore The National Geographic Kid is curious about the world around them, empowered in the face of challenges and responsible for others and the natural world. Combining these principles with the international educational heritage of Collins, this partnership is a natural fit for books that are funny, weird, exploratory, educational and loved by children."
