20 Critical Steps to Successful Communication gives you the tools to communicate online as a freelancer. Communication is the single most important thing when it comes to working as a freelancer. In fact, it is vital to every facet of working remotely with clients successfully. Without good communication you will not get much work and, when you do, it is almost impossible to deliver what your client wants. Whether you work through one of the freelancing platforms, work for a variety of clients or work remotely for a company, time zones and distance can cause communication problems. Good communication with your clients reduces the amount of revision work and makes the project a good experience for everyone. Here we share our insight into communicating online so you can complete client projects successfully and leaves your clients singing your praises
