I highly recommend his podcast, book, and the tools he has created to improve the lives of developers and CTOs. ?**Jacob Boudreau CTO of Stord | Forbes 30 Under 30** Joel's book and show provide incredible insights for young startup developers and fellow CTOs alike. Joel offers a human perspective and real practical advice on the challenges and opportunities facing every Modern CTO. ? **Christian Saucier | Entrepreneur and P2P Systems Architect** I've really come to respect what Joel is doing in the community. His podcast and book are filling a much needed hole and I'm excited to see what else the future has in store. ? **Don Pawlowski Chief Technology Officer at University Tees** Modern CTO **Everything you need to know to be a Modern CTO.** Developers are not CTOs, but developers can learn how to be CTOs. In Modern CTO, Joel Beasley provides readers with an in-depth road map on how to successfully navigate the unexplored and jagged transition between these two roles. Drawing from personal experience, Joel gives a refreshing take on the challenges, lessons, and things to avoid on this journey. Readers will learn how Modern CTOs: Manage deadlines Speak up Know when to abandon ship and build a better one Deal with poor code Avoid getting lost in the product and know what UX mistakes to watch out for Manage people and create
