Richard feynman 1918 1988 was a genius in mathematical physics he was called the most original mind of his generation quantum electrodynamics qed was developed into an effecti, genius the life and science of richard feynman pantheon 1992 a rare jewel like biography terrifically readable it achieves an almost perfect balance between the physicist s work and his life washington post book world mesmerizing , 1 sentence summary genius the life and science

of richard feynman tells the story of one the greatest minds in the history of science all the way from his humble beginnings to changing physics as we know.

Genius the life and science of richard feynman by james gleick summary gleick

Read genius the life and science of richard feynman the life and science of richard feynman by james gleick available from rakuten kobo an illuminating portrayal of ri, contents prologue far rockaway neither country nor city a birth and a death it s worth it at school all thing, to his colleagues richard feynman was not so much a genius as he was a full blown magician someone who does things that nobody else could do and that seem pletely unexpected the path he cleared for twentieth century physics led from the making of the atomic bomb to a nobel prize.

If only i had more stars to give james gleick s rendition of feynman s life is masterly and it truly is about both the life amp science of the genius how tightly they mingled life with arlene the atomic bomb his work in quantum physics his relations with his peers his dalliances his love of lear
