Remettons la nation démocratique au cœur de l'agenda progressiste. Arrachons-la des mains des identitaires et des anti-européens. Prenons conscience qu'elle est plus nécessaire que jamais pour équilibrer la mondialisation. Amons-la. Elle seule nous permettra de concilier démocratie, mondialisation et environnement, d'aller vers une Slow Démocratie. Peut-on reprendre le contrôle d'une mondialisation débridée dont les dégâts se font sentir chaque jour sur la démocratie, l'environnement et la justice sociale ? Oui. Grâce aux nations. Un tel propos peut paraître contre-intuitif à tous ceux qui voient la nation comme un totem d'extrême droite. Mais ce livre montre qu'elle reste le levier le plus efficace pour ne plus être les témoins impuissants des dérèglements en cours. Humanistes, progressistes, sociaux-démocrates, écologistes : n'ayons plus peur de nous en saisir ! Car il y a urgence. Les classes moyennes occidentales laminées ne veulent plus d'un système qui profite d'abord aux élites. Gilets jaunes en France, Brexit en Angleterre, Trump aux États-Unis, Orban en Hongrie, Salvini en Italie, mais aussi Bolsonaro au Brésil : les peuples crient leur colère et veulent reprendre le pouvoir, souvent sous les traits de l'homme fort. Une internationale d'extrême droite se met en place. La démocratie libérale que l'on croyait indéterminable est en danger de mort. Alors remettons la nation démocratique au cœur de l'agenda progressiste. Arrachons-la des mains des identitaires et des anti-européens qui la réduisent à des fantasmes nationalistes. Prenons conscience qu'elle est plus nécessaire que jamais pour équilibrer la mondialisation. Amons-la. Elle seule nous permettra de concilier démocratie, mondialisation et environnement, d'aller vers une Slow Démocratie.

Burundi in general has a tropical highland climate with a considerable daily temperature range in many areas Temperature also varies considerably from one region to another chiefly as a result of differences in altitude The central plateau enjoys pleasantly cool weath
