Billions of you have watched their videos, and millions of you have followed them on social media. So here we go: it's time to back up, because YouTube superstars The Sidemen are **finally here in audiobook form**, and they're dishing the dirt on each other as well as the YouTube universe. **The guys are behind the mic, and it's about to get messy.** There's nowhere to hide as the guys go in hard on their living habits, their football ability, and their dodgy clobber while also talking FIFA, Vegas and superheroes. **Exclusively in the audiobook you'll hear behind-the-scenes commentary, extra material and a few surprises! You've seen them already -- now get ready to hear them in all their glory.** They will let you in on a few secrets, before telling you about their hall of fame as well as revealing some of their greatest shames. Along the way you'll learn how seven of the world's biggest YouTube stars started off with nothing more than computer consoles, PCs and bad haircuts before joining forces to crush the Internet. And they'll tell you just how they did it (because they're nice like that) with their ultimate guide to YouTube while also sharing their memories of recording their favourite videos as well as a typical day in the life of The Sidemen. You'll feel like you're with them every step of the way, smelling the 'sweet' aroma of the boys' favourite dishes in the kitchen, following them on their trips around the world and kicking every ball as the boys gear up for the biggest football match of their lives. It's going to get personal. It's going to get intense, and JJ is going to have lots of tantrums, so take a moment to prepare yourself, because **this is The Sidemen audiobook you've been waiting for!**

The sidemen book is a non fiction biography and edy book written by a group of youtubers called the sidemen the book focuses on each of the member s back story from childhood to present day it also features tips on starting youtube random banter milestones etc
