"L'autore Kerry Lonsdale believes life is more exciting with twists and turns, which may be why she enjoys dropping her characters into unexpected scenarios and foreign settings. She graduated from California Polytechnic State University, San Luis Obispo, and is a founder of the Women's Fiction Writers Association, an online community of authors located across the globe. She resides in Northern California with her husband, two children, and an aging golden retriever who's convinced she's still a puppy. Everything We Keep is Kerry's first novel.
