"Pressestimmen ?A valuable story that is relatively unknown and understood in the West? McNamara's work presents a vital first entry that opens the doors on this integral part of World War I history and the shaping of the Soviet-influenced Eastern European political and social fabric.? **?Library Journal?**Kevin J. McNamara highlights this bizarre and heroic story...Much of his extensive source material is only recently available, and he uses it well. The brave misadventures of the Czech Legion deserve the wider recognition this fascinating history should provide.? **?Shelf Awareness?**The saga of the Czech-Slovak Legion is one of the great unknown stories of the twentieth century. Kevin J. McNamara brings these fighters back to life by presenting their firsthand account of their travails in World War I and the Russian Civil War. His engaging and valuable work should be required reading for students of the period?and for anyone interested in stories of hardship and heroism.? **?Max Boot, author of *Invisible Armies***'An epic story unknown even to many World War I history buffs?With admirable energy [McNamara] has assembled the story by piecing together archival records and the memoirs of the gallant men who served in the rejuvenated Czech Legion during the fateful spring and summer of 1918?A fascinating narrative.? **?Wall Street Journal?**This incredible story lives up to its billing. Perhaps the most remarkable thing about it, though, is that it's a fable that's remained largely untold. Until now?.A captivating tale, brilliantly told.? **?History of War?**Extraordinary... McNamara, an impressive storyteller armed with a treasure of documents only recently available, ably narrates the remarkable feats of these men who fought every inch of the way? A fantastic addition to the shelves of World War I histories.? **?Kirkus Reviews, Starred Review?**In this captivating narrative history, foreign policy scholar McNamara reveals the obscure yet grand story of how a small, motley, and hastily organized army ushered in the founding of the nation of Czechoslovakia.? **?Publishers Weekly, Starred Review** Werbetext Drawn from firsthand accounts translated into English for the first time, An Incident at Chelyabinsk reveals one of history's greatest but least-known epics: how a rag-tag army of deserters and POWs during the First World War almost derailed the Russian Revolution, resurrected a diminished Eastern Front, saved Paris, helped dissolve the 645-year reign of the Habsburg dynasty, perhaps prevented Germany from dominating Europe, and established the new nation of Czechoslovakia. Alle Produktbeschreibungen"
