Es ist ein sehr alter und sehr schöner Brauch: Wird ein Kind geboren, pflanzt ihm sein Vater einen Apfelbaum. Der Baum und der Mensch bilden fortan eine Gemeinschaft – der Baum wird zum Lebensbaum des Menschen. Beide wachsen, blühen, bringen Früchte, und im Lebenszyklus des Baumes durch die Jahreszeiten erblickt der Mensch sein eigenes Sein im Kreislauf des Lebens. Allerdings: Der Lebensbaum muss nicht immer ein Apfelbaum sein. In den alten Kulturen Europas – so weit kann man den Brauch zurückführen – gab es eine Vielzahl von Bäumen, die den Menschen als Lebensbäume zugeordnet wurden. Am bekanntesten ist der Jahreskreis der keltischen Lebensbäume. Dieses Buch zeigt die vielfältigen Beziehungen zwischen Mensch und Baum, angefangen von den alten Mythen bis zur zentralen Bedeutung des Baumes in der Ökologie. Es beschreibt, wie ein Baum lebt, in welchen Wechselbeziehungen er zu seinem Lebensraum steht; es charakterisiert die 21 Bäume des keltischen Jahreskreises – damit aber auch die Menschen, denen diese Lebensbäume zugeordnet sind –, zeigt ihre biologischen Eigenheiten, ihren speziellen Nutzen für den Lebensraum und den Menschen und welchen Niederschlag diese Bäume in der Mythologie gefunden haben. Daneben verrät es auch, was die Bäume an geschmackvollen oder heilkräftigen Kleinigkeiten zu verschenken haben. Etwa den Fichtenwipferl-Sirup, den Nussgeist oder die Birken-Lotion. Dieses Buch mit seinen 32 Illustrationen ist das Nachschlagewerk für alle, die mehr über Bäume und speziell ihren persönlichen Lebensbaum wissen wollen.
