"Pressestimmen A manifesto for future-proofing our jobs and prosperity . . . It might just save your life - and your children's live . . . as good a summary as you'll read of the techno-revolution that is about to hit us (THE SUNDAY TIMES)An important book that delivers a timely warning to the world's business elite . . . confirms [Baldwin's] place as one of the most important thinkers in this era of global disruption (FINANCIAL TIMES)Offers valuable insights into the long-term impact that globalization and AI will have on workers . . . Baldwin presents a compelling view of the future of work and the challenges ahead while there is still time to prepare (SCIENCE magazine)The first book I've come across that ties together the two main forces shaping our world - globalisation and technological change - in an accessible way (THE BUSINESS POST)Engaging and informative . . . distils complex ideas into measured and understandable language that readers with no prior understanding of artificial intelligence and economics will be able to digest (THE TIMES)A provocative argument (REUTERS) Werbetext **The Rise of the Robots for the masses. How to survive in a world of virtual globalisation.** Alle Produktbeschreibungen"
