Every kid can be an artist with this book as their guide! Using basic art supplies – from paint, markers, paper, and glue to household finds like cardboard boxes and fabric scraps – children aged 6 and up learn that as long as they can imagine it, they can create it. Curated by two art educators with decades of experience, this rich collection of 53 arts and crafts activities offers up a ton of freeform fun, from Doodlemonsters and Painted Animal Rocks to Paper Bead Jewelry and Nature Weaving. Projects vary in difficulty so there's something for a wide range of ages and abilities, and many can be completed in under an hour. Each project featured in the book has been kid-made (and kid-approved!), and colorful photos of the finished pieces will ignite a creative spark that inspires budding makers to express their imagination, humor, and individuality through art. This publication conforms to the EPUB Accessibility specification at WCAG 2.0 Level AA.
