"Críticas **Praise for *Loki's Wolves*** "Norse mythology brought to life with engaging contemporary characters and future volumes that promise explosive action; ideal for Percy Jackson fans who want to branch out."--**Kirkus Reviews**This rousing, fast-paced adventure, first in the Blackwell Pages trilogy, will please readers who loved John Stephens's Books of Beginning and Rick Riordan's modern-day twists on ancient myth.--**Publishers Weekly**"Loki's Wolves brings Norse mythology to the modern world...The background and explanation of the legends are clear and a natural fit to the story and dialogue, bringing life to lesser-known Norse mythology...Recommended for those who enjoyed Rick Riordan's 'Percy Jackson and the Olympians' series."--**School Library Journal**"Loki's Wolves has everything--a fast-paced, exciting plot, endearing and honest characters, Norse mythology with a contemporary twist, and plenty of heart. I can't wait to find out what happens to Matt, Laurie, and Fen!"--**Ally Condie, author of the #1 New York Times bestseller Matched**"This smart, fast-paced, action-packed novel...offers readers a solid adventure story that still manages not to skimp on character...An excellent what-to-read-next for Percy Jackson fans, this novel will also please young readers of Marvel's Thor and myth-lovers already familiar with Norse lore..."--**Bulletin of the Center for Children's Books**"Fierce adventure, lightening pace, furious action, and original, engaging characters. I was hooked from the first hammer swing."--**Eoin Colfer, New York Times bestselling author of Artemis Fowl**"These authors are no strangers to weaving a compelling tale. Once the story moves past the background, the plot picks up quickly and the adventure doesn't disappoint."--**Library Media Connection** Reseña del editor Matt Thorsen

Biografía del autor K.L. Armstrong & Melissa Marr had been friends for several years before they found themselves spending hours talking about mythology and monsters. One sleepy morning, they took their fascination with myth and their love for tackling video game monsters and decided to write the Blackwell Pages."
