"Pressestimmen 'Persistent Forms introduces major early exponents [and also offers] new applications that illustrate the continuing vitality [of Historical Poetics]. The juxtaposition of the older and newer essays not only lends interest to the book but also shows Historical Poetics at work, not only in the grander literature that is the authors' subject matter but also in the world of academic ideas about literature. A nice rhyme that makes for an especially attractive and interesting publication.'----Emily Klenin 'University of California Los Angeles ''This wide-ranging and stimulating volume goes a long way toward introducing English-language scholars to the perspectives opened by Veselovsky's literary scholarship. The essays contained in the collection are of a uniformly high quality, and they give the reader a keen sense of the legacy and the promise of Historical Poetics.'----Daniel Heller-Roazen 'Princeton University 'These chapters are representative of the virtues of a volume that has no qualms about offering a dense and serious engagement with literature. They balance broad historical perception with nuanced interpretations. The editors and authors are astute and dedicated proponents of philology, of the capacity of the scholar to know the complexities of literature, history, and life. They are acutely aware of the persistence of fundamental cultural and artistic qualities that transcend national, linguistic, and even temporal boundaries. As the contributors to this volume demonstrate, the philologist's duty is to preserve these phenomena by holding back the forces of forgetting and oblivion.--Slavic Review Über den Autor und weitere Mitwirkende **Ilya Kliger** is Associate Professor of Russian and Slavic Studies at New York University.**Boris Maslov** is Assistant Professor of Comparative Literature at the University of Chicago."
