"Reseña del editor Mathematics for Caribbean Schools (Third Edition), Teachers Guide 4 provides easy to access answers and explanations to the challenging and motivating activities in the Student's Book. It will be an invaluable guide in initiating class discussions and helping students to understand new concepts in mathematics. Biografía del autor Althea Foster is an experienced teacher at secondary level, she is a consultant for lower secondary syllabuses and is closely associated with the CXC Mathematics examinations. Christine Atkinson has taught mathematics in a variety of colleges and secondary schools. She has been a Head of Department and Senior Manager in schools, and her particular enthusiasm has been to engage pupils with the subject by involving them in a wide range of mathematical activities and discussions. She has also worked as a consultant with teachers to implement the mathematics curriculum within the classroom."

Using data from a large urban district this study investigated whether racial inequality in access to eighth grade algebra is a reproduction of differences in prior opportunities to learn as evidenced by grades test scores and level of prior mathematics course or whether patterns reflect an increase in
