Featuring more than 2,000 animal species, from aardvark to zebra, this animal encyclopedia for children is packed with stunning close-up photographs of animals and awesome facts. You'll discover how animals and plants live together in their natural habitats and how we can help endangered species. Discover why some birds fly, but others don't, get close to bugs and beetles you never knew existed, swim with fish and sea mammals, fall in love with baby animals, go on an African safari, and meet the tiny things you can't see, but live closer to you than you might ever imagine! There's so much to discover about the animal world, so dive in and see what you can find out.
