Psychologist Cass Seltzer's book, *The Variety of Religious Illusion*, has become a surprise runaway bestseller. Dubbed 'the atheist with a soul', Cass's sudden celebrity has upended his life and brought back the ghosts of his past. Over the course of one week, Cass's theories about our need to keep faith are borne out in ways he could never have imagined. *36 Arguments for the Existence of God* is a stunningly original novel, which explores the varieties of the human religious experience in a story of obsession, consuming love, and divine genius.

By turns hilarious, moving and devilishly clever, Goldstein's novel is an exhilarating romance of heart and mind.

**His book has dismantled 36 famous arguments that have monly been put forward to prove god s existence these include the cosmological argument god must exist because everything that exists must have a cause the argument from design beautifully designed things must have a designer and the a**
