Richard Bachman, 67 ans, est l'écrivain le plus riche et célèbre de sa génération. Une terrible maladie neurodégénérative le condamne hélas à une totale invalidité et à une mort prochaine. Le but de Bachman, avant de mourir : terminer sa saga mystique, Le peuple des Sept Feux. Alors qu'il pense ne plus avoir qu'une ou deux années à vivre, il reçoit une étrange proposition de la part d'un de ses fans ; celui-ci aurait la solution à son plus gros problème. Les régressions de Richard Bachman est un roman de science-fiction qui paraîtra par épisodes. Kurt Cobain n'est pas mort est le début d'une épopée riche en rebondissements.
