"Reseña del editor **GRADE 3/AGES 8?9:** This workbook features math practice and activities for first and second grade students based on the Singapore Math method; designed to help students master word problems. **INCLUDES:** Each unit has learning objectives, which clearly define the skills to be learned in that section, and an answer key with worked out solutions that help students see how to work the problems. **WHY SINGAPORE MATH:** Many students struggle with word problems. To help overcome this struggle, these workbooks focus on diagrams, number bonds, the ""counting on"" method, and the ""crossing out"" method to help students master challenging word problems as well as exercise mental calculation. **NOT OVERWHELMING:** Features one problem per page and step-by-step solutions in the answer key. **HOMESCHOOL FRIENDLY:** Perfect as a supplement to classroom work or as a homeschool resource, this series will boost confidence in problem-solving and critical-thinking skills."
