"Recensione Delightful ... the world's leading sage about film ... It's like having the most film-literate pal you can imagine sitting beside you in a multiplex (John Walsh Independent)This book sets the bar. There isn't a more intelligent, insightful and provocative guide to individual movies in the world (Nigel Andrews Financial Times)A dazzlingly authoritative treat ... crammed with insight and epigram (Geoff Dyer Observer)Eccentric, brilliant, scholarly, perverse, witty, egocentric and infuriating, sometimes all at once (Philip French Time Out)A treasure trove for film buffs ... there is probably no finer contemporary writer on what makes the movies so unmissable (Allan Hunter Herald) L'autore David Thomson is, among many other things, author of The New Biographical Dictionary of Film, now in its fourth edition. His recent books include a biography of Nicole Kidman, Fan Tan (a novel written in collaboration with Marlon Brando) and The Whole Equation: A History of Hollywood. Born in London, he now lives in San Francisco."
