Cultiver la nature en miniature Le principe des kokedamas ? Il s'agit de recouvrir les racines d'une plante d'intérieur en façonnant une boule de terre, enveloppée dans de la mousse. Les racines se nourrissent des apports de la terre et il suffit de la vaporiser une à deux fois par mois. C'est beau, poétique, facile à faire et simple d'entretien ! Ce livre tout droit venu du Japon enseigne les principes de base et détaille 25 projets pas-à-pas pour créer ses propres kokedamas.
