"Críticas ""The process of awaiting birth and adapting to motherhood is vividly described and graphically illustrated with the author's own stylized but anatomically explicit prints. This book is perceptive and touching."--New York Times Book Review--New York Times Book Review ""The reader will gain valuable insight into the experience of childbirth and the individual and universal feelings of the women who share its wonder."--Los Angeles Times Book Review--Los Angeles Times Book Review ""Morch's gripping narrative of life and death at its most elementary stages is an unusually powerful and honest tale."--Chicago Tribune--Chicago Tribune Reseña del editor Dea Trier Morch depicts with uncommon skill an experience that pays no attention to language differences or national boundaries: childbirth. Set in a maternity ward for difficult cases, her novel is unique in focusing on the weeks immediately before and after delivery. While December gives way to the new year the women encounter the private anxieties and mysteries of motherhood, sharing a profound sense of solidarity and warmth in the midst of winter. Joan Tate's superb translation of the European best-seller introduces Dea Trier Morch to American readers. Morch, the author of five other books and the mother of three children, has illustrated her novel with striking block prints."

Courtesy of the royal library copenhagen the trend toward realism and naturalism in literature was initiated by the critic ge brandes in his book main currents in 19th century literature 1872 90 two writers who were influenced by brandes modern awakening movement shared the 1917 nobel prize the
