Paint Pouring is a form of abstract art that uses acrylic paints with a runny (fluid) consistency. The acrylic paints react with each other when combined to make interesting and visually organic motifs. Fluid acrylics can be used on many types of substrates through various techniques such as pouring, dripping, swirling, glazing, dipping, and more to create dazzling and masterful effects. This book provides everything you will need to become a paint pouring artist. Learn to: Set up your paint pouring studio on a budget Complete your supply list Discover a variety of techniques Properly handle and care for your art Establish appropriate mixing ratios Achieve correct paint density And many other lessons crucial to the craft This new art form is fun for all ages. Become a fluid art master today.
