"Autorenkommentar **Washington's best campgrounds -- by an actual Washingtonian**As a Washington native, lifelong Washington camper and guidebook author, I'm frequently besieged by friends and colleagues asking for recommendations on campgrounds near certain cities, certain mountains, one particular ocean, and so on. Now they can stop. This all-new guide contains detailed descriptions of more than 600 public campgrounds in Washington, from Neah Bay to Walla Walla, from the best to the least significant. The listings include specific details on location, amenities, RV hookup and length restrictions, campsite reservations, nearby outdoor attractions (hikes, scenic drives, etc.), historical trivia, contact numbers and other vital stuff. It should be of equal use to tenters and RVers. Unlike other camping guides, which run 'Yellow Pages' listings of every campground visible on the map, this one aims to help campers evaluate and make choices. Each campground is rated for overall quality by the author, a Seattle Times columnist and guidebook author who is constantly out in the field, visiting these places, sorting the good from the bad. Hope it consistently sends you in the right direction."
