"Pressestimmen **Praise for The Ultimate Air Fryer Cookbook by Rachel Collins**'This is the first cook book in years that I feel will never make it to my bookshelf. You all know what can happen to cookbooks in bookshelves...they often remain there, only to be forgotten. Well not this time. I've already made few recipes and they did turn out amazing! I hope Rachel continues to develop recipes and I am pleased to have purchased her cookbook.' --**Amanda Kinsman, Writer and Editor**'We have a few air fryer books but this is probably the best one. The recipes are so inventive, but easy. I initially saw this book on QVC but the price was much too high so I immediately checked Amazon. Once again, Amazon's price was much better for the same product. We have made many recipes out of this particular book and love all of them. I highly recommend this book.' -- **Sarah Foster, Customer**'Such a great book! My mom has owned an air fryer for quite a few years now but has yet to use it. This cookbook has some great recipes in it! I love the layout of the pages and the ease of reading the recipes. There's a designated area for the ingredients and instructions which makes it great! Hopefully she'll give her air fryer a try after reading these recipes!' -- **John Taylor, Blogger**'Bought one for myself and two as gifts BEST Air Fryer Book on the market! She is a wonderful Chef AND Author. Beautifully illustrated and easy to follow directions with NORMAL ingredients!' -- **Elena Katich, Verified Purchase, Customer** 'If you own an air fryer, then this recipe book is a must have. It's full of a large variety of wonderful and easy recipes, and includes nutrition info for each dish.' -- **Steven Fristy, Customer** Über den Autor und weitere Mitwirkende As one of seven children, Rachel Collins grew up in Cleveland, Ohio before moving to the mountains of Colorado in her

early teens. From a young age she dreamed of moving to LA and becoming a fashion stylist. But when Rachel was fifteen, her only sister was born. Ever determined to rein in the chaos of her big family...and have dinner on the table before midnight... Rachel began doing the cooking. She eventually discovered a new found freedom and a creativity she hadn't known existed. She began chronicling her fresh takes on old favorites and coupling them with her styling skills - only this time on tables and cutting boards - on her blog.

Since then, lots of people have fallen in love with her unique recipes, stunning photography, and charming life in her barn, which she has made into her home, high up in the snow-capped mountains."
