"Pressestimmen 'Should be required reading for everyone!'--Martyrdom & Resistance (11/01/2009) Synopsis 'Denying History' takes a bold and in-depth look at those who say the Holocaust never happened and explores the motivations behind such claims. While most commentators have dismissed the Holocaust deniers as antisemitic neo-Nazi thugs who do not deserve a response, historians Michael Shermer and Alex Grobman have immersed themselves in the minds and culture of these Holocaust 'revisionists'. In the process, they show how we can be certain that the Holocaust happened and, for that matter, how we can confirm any historical event. This edition is expanded with a new chapter and epilogue examining current, shockingly mainstream revisionism. Alle Produktbeschreibungen"

## **Denying history who says the holocaust never happened and why do they say it**

First the authors discuss the issue of historiography in their introduction who speaks for the past and in chapter 2 the noble dream how we know anything happened in history the next two chapters address who the deniers are and why, denying history takes a bold and in depth look at those who, michael shermer and alex grobman discuss the unassailable apparent expertise in their book denying history who says the holocaust never happened and why do they say it most holocaust deniers are very knowledgeable about very specific aspects of the holocaust a gas chamber door that ca.
