"Pressestimmen 'Great add to diversify library! - My library was lacking in science topics, especially since I don't work in those fields. These books are great to educate my little boy, and honestly get some basics myself. The graphics more than anything are eye-catching!' - stay-at-home-mom'Engaging read for toddlers - The book has nice graphics and is an engaging read. It provides an early friendly introduction to the subject that the child will be hearing about. Promotes kindness and curiosity.' - Yuri'Amazing book - I just love the book. It's great to introduce my little one to this topic early. Whenever I read it to her she is always smiling and laughing. I think its more the images the enjoys right now. Amazing book. Great Author!' - Hedayati'Fun books to read with your toddlers! - These are great books to read with your little ones!' - anonymous Über den Autor und weitere Mitwirkende Handeep Dhoot, PhD Handeep is the author of the Tinker Toddler series books providing simple explanations of emerging science and technology topics. Titles include Machine Learning for Babies & Toddlers, Artificial Intelligence for Babies & Toddlers, and Solar System for Babies & Toddlers. There are many more on the way. She aims to expose the littlest learners to emerging science and technology concepts early on to accelerate absorption of complex topics later.
